PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 264C3 at Crosbyton, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 264C3 to Crosbyton, Texas as that community's first local FM service. Crosbyton, Texas is an incorporated city with a population of 1,874 people and 92 businesses that have been given a credit rating by Dun & Bradstreet as of the last quarter of 2000.<sup>1</sup> Crosbyton has its own mayor, Jackey Dewbre, its own post office, volunteer fire department, police department, city offices, school system and a number of local churches. Crosbyton is a community that is certainly deserving of a competing FM service. The proposed channel 264C3 will provide additional diversity and an outlet for local self-expression to Crosbyton residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 264C3 can be allocated to Crosbyton, Texas, consistent with the FCC's FM separation rules. See

<sup>1</sup> Texas Almanac 2002-2003.

revision of FM Assignment Policies and Procedures, 90 FCC  
2d 88 (1992).

Reference coordinates for Crosbyton, Texas are:

33 41 30 N  
101 06 31 W

Should this petition be granted and Channel 264C3 be  
allotted to Crosbyton, Texas, Petitioner will apply for  
Channel 264C3 at Crosbyton and after it is authorized, will  
promptly construct the new facility.

The factual information provided in this Petition for  
Rule Making is correct and true to the best of my  
knowledge.

Respectfully submitted,

Charles Crawford
